

One of the most economical and functional general service mats available. Fine-rib corrugations on the mat's surface assure traction and capture moisture and dirt from footwear. Our non-skid mat provides effective bad weather protection for carpeting and floors. It is also ideal for use in high traffic areas in hallways and in-plant aisles. Great for stores, factories and offices. Dependably lays flat and stays in place. Just vacuum, wipe, mop or hose down to clean.
