

The Dura-Ridge recycled carpet mat effectively stops soil and water at the door; reducing the cost of cleaning labor and the cost of use of chemicals for clean up. The extra heavy-duty rubber reinforced "bi-level" cleaning surface will not crush. The solution-dyed face yarn is easy to clean, resists fading and is UV stable. The mat allows dirt and moisture to fall below traffic level until it can be removed.

- Material:** 100% post consumer recycled PET Polyester fabric from drink bottles.
- Thickness:** 3/8"
- Surface:** Herringbone
