

Matting with cushion surface combines comfort, safety and cleanliness. Gripping edges on round holes offer maximum traction and efficient shoe cleaning action. Cushioned surface reduces breakage of dropped articles while pebble backing allows for air circulation. Ideal for use in restaurants, food processing areas and in-plant use. Just hose down to clean.

Material:

San-Eze (Black): High grade grease-resistant rubber compound

San-Eze II (Brick Red): High grade grease-proof rubber compound

Thickness: 7/8"

Surface: Open circular

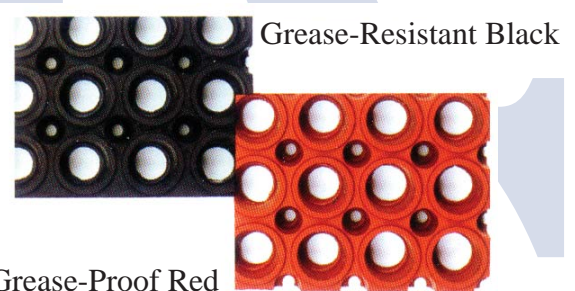

Warranty: 2 year replacement guarantee, NSF approved. San-Eze II is 100% grease proof.

Options: Beveled nosing

Attachable ramp corner

Mat connector

Colors:

Note: Grease-resistant San-Eze (Black) matting will show deterioration in areas where oil and grease are common. Grease-proof San-Eze II (Brick Red) is recommended in these applications.

Standard Sizes

Item No.	Description	Size	Weight
425S5839	Full	58.5" x 39"	38 lbs. ea.
425S3939	Square	39" x 39"	19 lbs. ea.
425S2939	Medium	29.5" x 39"	25 lbs. ea.
425S1939	Small	19.5" x 39"	12.5 lbs. ea.

Optional Beveled Nosing

Item No.	Description	Size	Weight
425B0029	Roll	29' x 1.75'	14 lbs. ea.
425B0000	Custom Cut	Up to 29'	0.5 lbs./lin.ft.
