

Conductive Diamond Dek Sponge Anti-Fatigue Mats

Conductive Diamond-Dek Sponge prevents the accumulation of static from the worker and will protect your electronic equipment from sparks and surges. The foam base provides comfort and the diamond tread surface enhances traction. The mat is equipped with a government insert for recommended grounding cord. Cords are recommended for every 10' of matting. Cords are sold separately. Resistivity of the top surface is only 10^6 Ohms per square.*

Material: Vinyl top bonded to a vinyl sponge
Thickness: 9/16"
Surface: Diamond Tread
Warranty: Standard
Options: 10' Ground Cord
Color: Black

Standard Sizes

Item No.	Size	Weight Lbs. Each
