

Diamond Sof Spun Plus 3/4"

SAFE  ZONE

This ultimate single-layer PVC sponge mat is designed to provide maximum comfort in environments where individuals stand for extended periods. Its 3/4" thick PVC sponge construction and embossed diamond tread surface offer both cushioning and traction. The mat features a high-visibility yellow safety border to enhance awareness and reduce tripping hazards. All standard mats and rolls come with rounded edges for a finished look and added safety, while custom lengths have rounded edges on the long sides only.

Material: PVC Sponge
Thickness: 3/4"
