

The Duraloop Entrance Mat versatile mat delivers excellent scraping action with a multidirectional walking surface and is UV stabilized to resist fading, making it suitable for both indoor and outdoor use. Constructed from extruded vinyl, it is resistant to most chemicals, stains, and mildew. The tight looped weave prevents the entrapment of debris such as stones and cigarette butts, while a plasticized coating prevents fraying—enhancing durability and reducing tripping hazards. Easy to maintain, simply shake off dirt and rinse with water or light detergent. The mat should be allowed to dry completely before reuse.

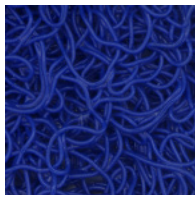

- Material:** Extruded Vinyl
- Thickness:** Standard Duty - .47" (12mm)
- Surface:** Looped
- Warranty:** Standard
- Maintenance:**
  - Shake to remove dirt
  - Clean with light detergent or water
  - Allow to dry completely
