

CUSHION TILE

ANTI-FATIGUE

Product Overview

WET AREA FLOOR MAT

These interlocking tiles provide maximum protection & raises foot traffic above wet or slippery surfaces.

Whether you're looking to upgrade your workspace or safeguard your gear, our modular Cushion Tiles have you covered! Designed with your safety & comfort in mind, these flexible, interlocking tiles conform to any uneven, wet area to create a secure, slip-resistant surface both indoors & out. They absorb vibrations & prevent slipping, keeping your tools perfectly in place in your drawers & truck beds. Crafted from moisture & grease resistant material, they are easy to clean & keep sanitary.

Product Features

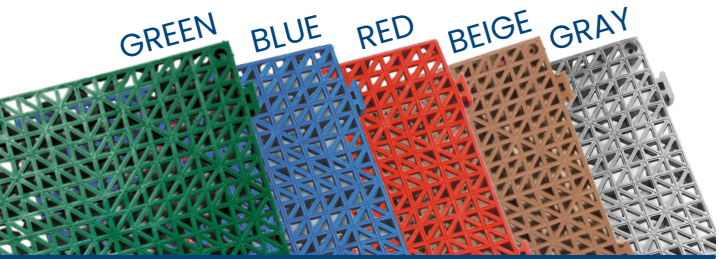

- Material:** 100% recycled PVC plastic with an open surface. Grit surface has gritted texture for extra anti-slip protection.
- Nosing:** Black or Yellow (optional)
- Warranty:** 5 Years
