

Carpet-like nap and open mesh construction absorb moisture and trap dirt from foot traffic. Outstanding combination of attractive appearance and utility service. Tough nap resists wear and retains its soft texture even in high traffic locations. Easily rolled for convenient cleaning and storage. Not recommended for areas where large amounts of grease and oil collect.

Material: Pile top rubberized fabric links from recycled tires woven on galvanized steel rods.

Thickness: Approximately 3/4" thick.

Nosing: (Optional) Beveled (BN), Square (SN), or a combination of both.

Pattern: Straight weave unless otherwise specified.

Special Notes: Dimensions of standard sizes are approximate. Exact size cannot be guaranteed without nosing. Mats over 12' in length we recommend sectionalizing.

Item #	Size	Wt. Lbs./ea.
--------	------	--------------

Standard Sizes without Nosing

400S1422	14" x 22"	5.5
400S1725	17" x 25"	8.3
400S2030	20" x 30"	11.0
400S2436	24" x 36"	16.5
400S3048	30" x 48"	27.5
400S3060	30" x 60"	35.8
400S3672	36" x 72"	49.5

Item No.	Description
----------	-------------

Cut Sizes & Options (Maximum Width 8')
